"A time for us someday there'll be,
when chains are torn by courage born of a love that's free;
A time when dreams so long denied
can flourish as we unveil the love we now must hide.
A time for us at last to see
a life worthwhile for you and me.
And with our love through tears and thorns
we will endure as we pass surely through every storm.

Friendship plays an important role between Miss Klein and students.

Now what??????????

Miss Klein Receives 1972 Yearbook Dedication.

Again this year, as in the past, the senior class chose a deserving teacher to receive the 1972 yearbook dedication.

It is with great pleasure that the Senior Class of '72 dedicates its yearbook to Miss Nancy Klein.

In the short time Miss Klein has been at Harvey, she has acted not only in the capacity of a teacher; but also in that of a friend.

This year Miss Klein is teaching Geography, Current History, Afro-American History, and a new course being offered this year, Sociology. She has also volunteered much of her free time to act as sponsor of Scarlet Torch which has given her the opportunity to develop closer relationships with many students.

It is with this yearbook dedication that the student can thank Miss Klein for "just being there."

Curse you Red Baron!

Miss Klein shows her talents.

Liberal techniques were practiced in her classes.

Many students went to Miss Klein for help.

A little bit of advice, but a lot of help.

Seniors Anticipate the Future and Reflect Upon the Past

The Class of 1972 entered Harvey nervously anticipating what was to come. Filled with mixed memories of the past four years, now we are leaving and anxiously, yet a little unsure, awaiting what new opportunities our futures hold.

Since our Freshmen year our class has been close. Our Frosh Get-Together was the beginning of our good times, continuing to our Sophomore year when we voted on our choice of rings, our symbol of membership in the class of '72.

As Juniors, we were busy planning for colleges and planning for jobs. To raise money for our class, we sold window cleaner as a project under the guidance of Mr. James, our sponsor we are so grateful for.

We put together a beautiful prom, "The Age of Aquarius," once again working together to make it a huge success.

Now we are Seniors. Future plans will soon be a reality. With the help of our counselor Mrs. Gidney, things will certainly be easier. June 5th is sneaking up so quickly. Soon we will sing our Alma Mater for the last time as a class. We will go our separate ways, and lead our individual lives. So, to use a familiar line, "Thanks for the memories . . . . . "

Quincy Landingham, President

Sue Hosler, Vice-President

Patrice Pandy, Secretary

Donna Nelson, Treasurer

Our officers use their judgement wisely.

Mr. James, sponsor; Mrs. Gidney, counselor.

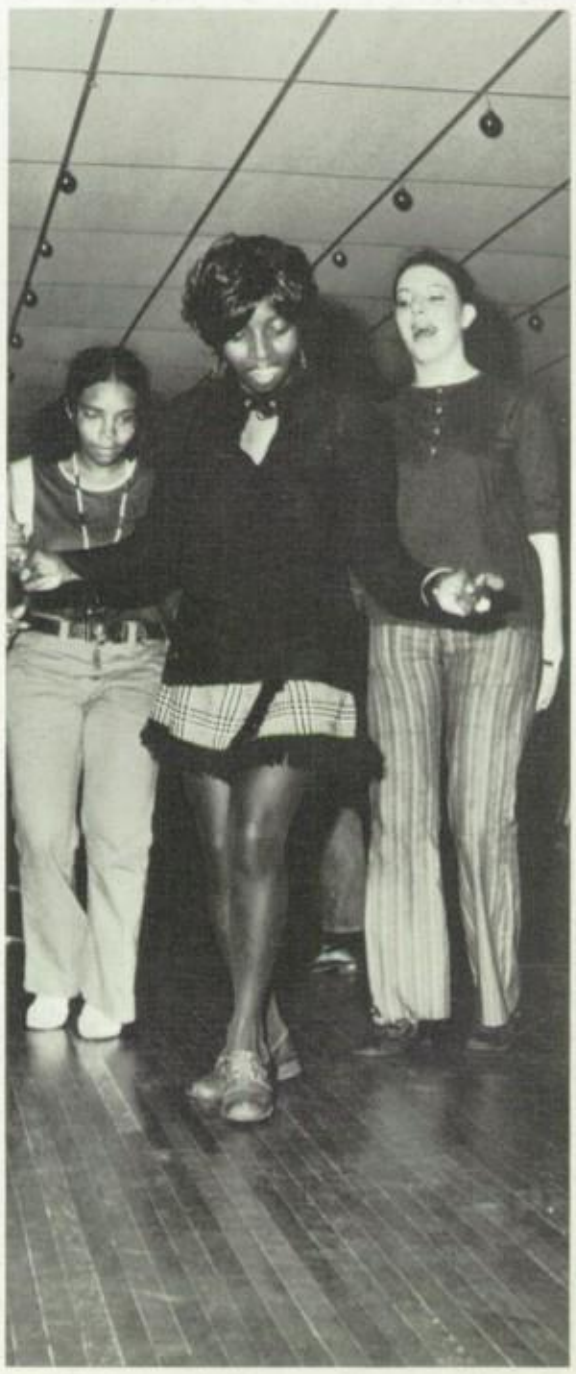
1972 Seniors Got It Together At the Get-Together

The annual Senior Get-Together which has become a traditional affair of the Senior class, was held September 27, at 7:00 p.m. at Painesville Township Park.

The buses rolled in and the band had already gotten started. "The Season of the Witch" and "Jumpin' Jack Flash" were just two of the popular songs which were played that night. What happened that night? Well, the dance contest which seemed to last for hours was won by Carlana Nicholson and Charlie Joe Spikes. The watermelon contest was won by, well, everybody!

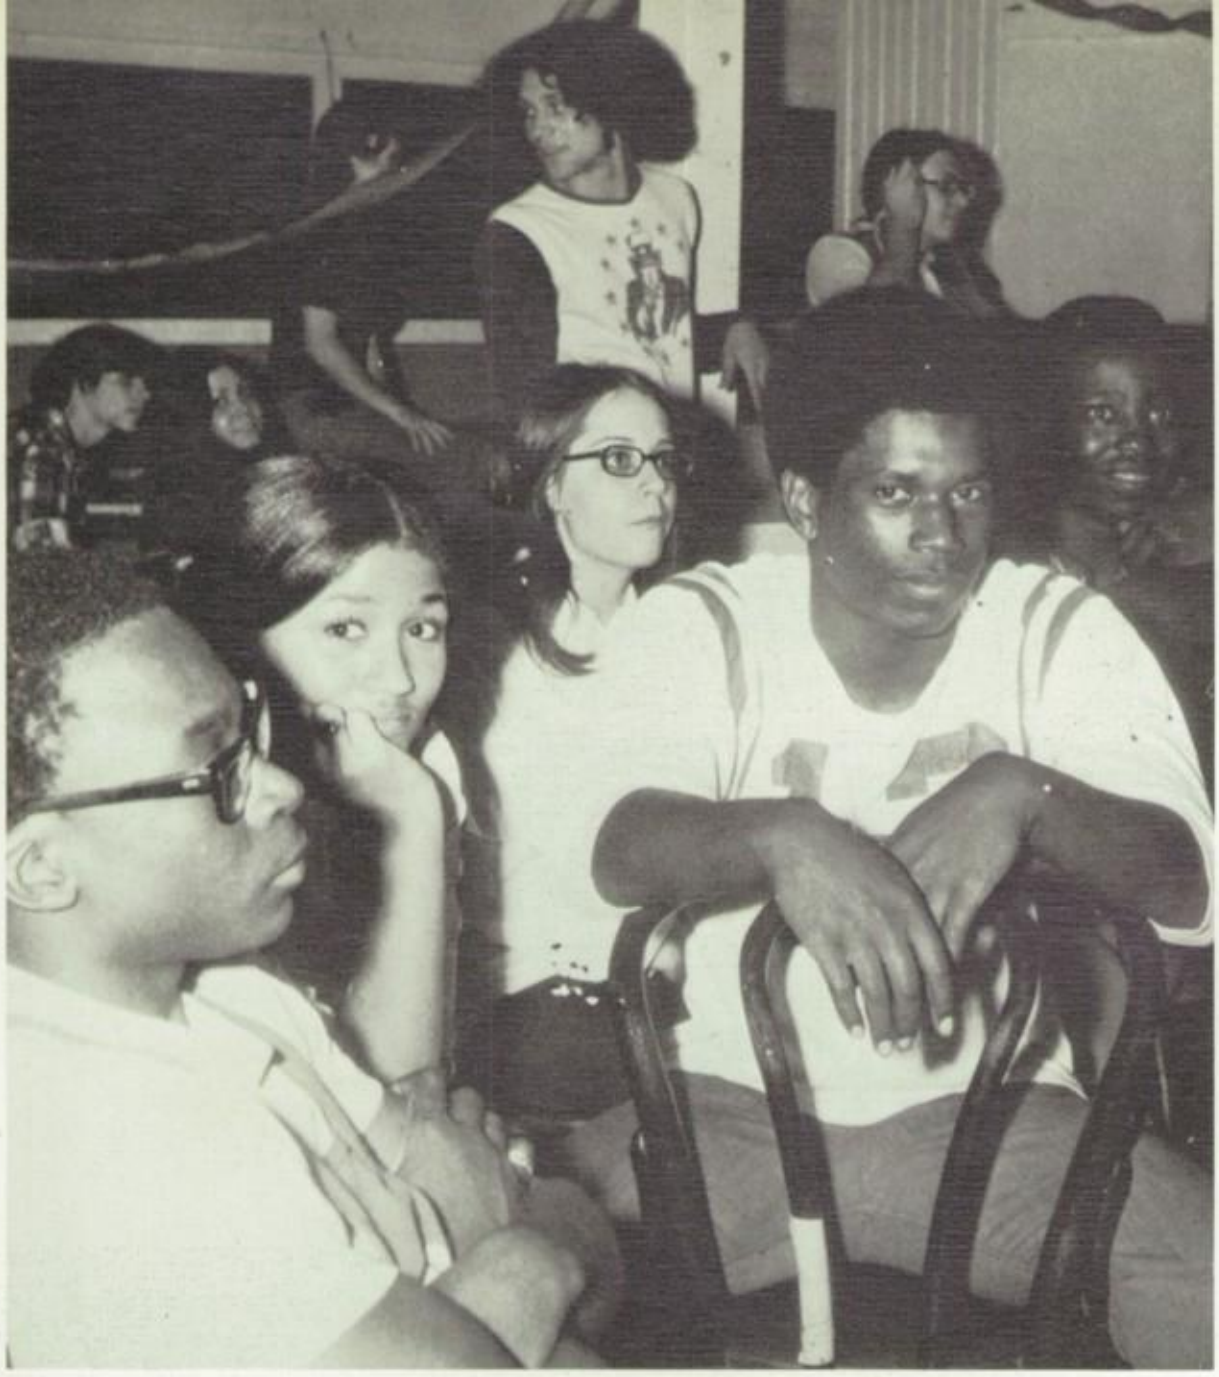
The highlight of the evening turned out to be not the band, not the teachers, not the contests, but good ole' spontaneous laughs provided by Sandy King, Glenn Davis, Lemar Cooper, and John Ware, who took turns on stage keeping us in stitches with "beep beep" stories.

The weatherman ended the evening by dumping tons of rain on us! It didn't dampen our spirits in the least. Everyone had fun!

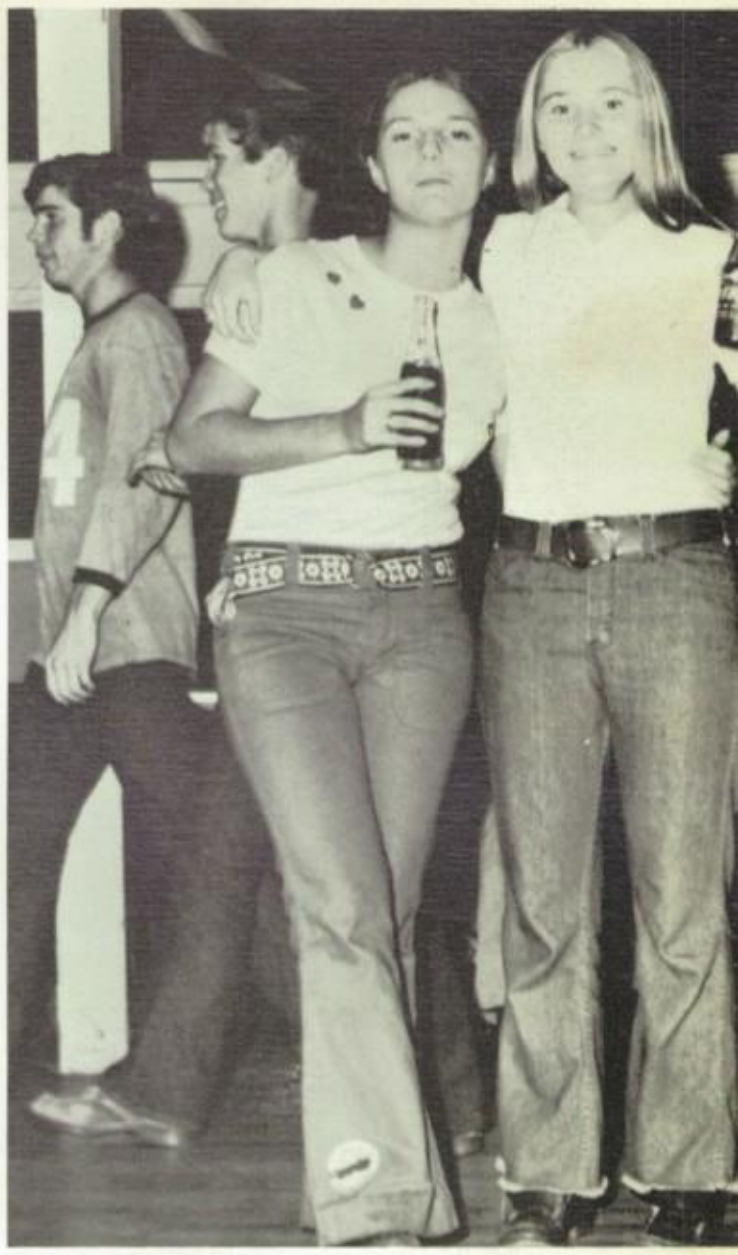


Edith "makes it funky"!

Everyone was a watermelon winner.



When the band took a break, so did we!



Happiness is togetherness.

We climbed to the top to make this the best Get-Together yet!

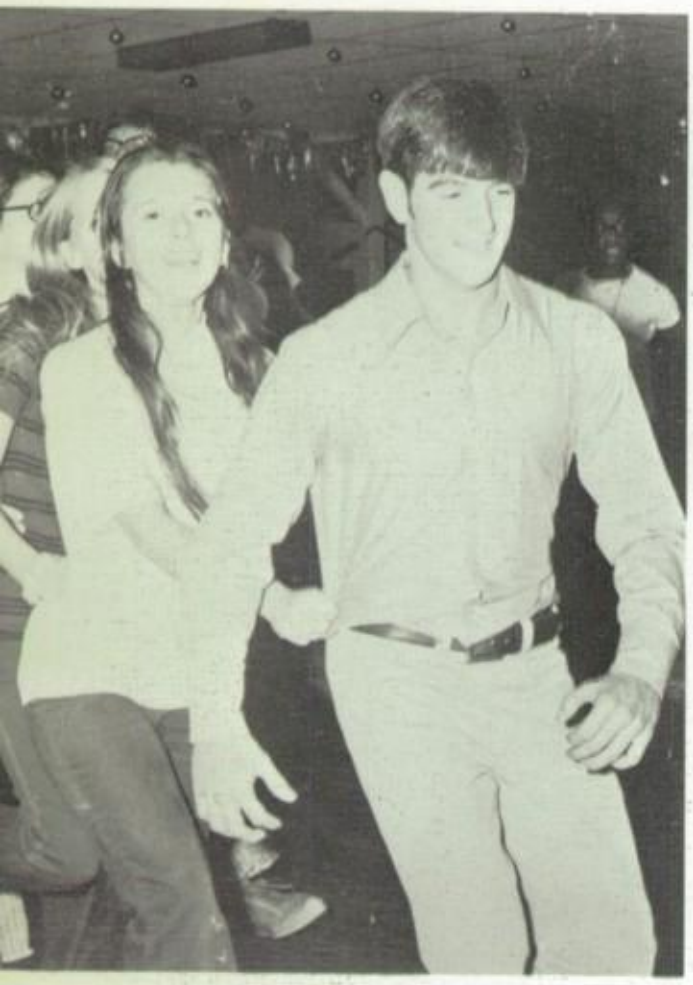
Along with Patty Came a Better Understanding



Patty eagerly joins us in the fun!

I bring the best wishes for all of you from my land, Lima, Peru. When I first came here, I didn't know many people, I was sort of lonely. But as soon as I got to know my American family, the Lipoviches, really well I felt as if I was at home again. The next thing that happened was going to a great school, Harvey High, and getting to know a lot of nice teachers and friends. Everybody at school helped me out especially my American sister, Stephanie, who is a senior too. I also have three married sisters.

About my land I would tell you that it is a country of thirteen million people, located in South America and is bordered by the Pacific Ocean. That means that we have a lot of nice and hot beaches which we use during summer from January thru March. Winter without snow, is cold weather but not below 50°.

I come from a family of eight persons. My father Fernando is a "good salesman", my mother Carmen is a "great housewife", twin brothers 18 years old, Carlos and Guillermo attending college. Fernando 13, Cecilia, 10 and Diana, 6 years old going to school. I graduated from high school in 1970. I am a travel agent and I have a job with the company of Air France Airlines.

I appreciate everyone very much, I know I will always remember all of you, all this experience is great, and I am really happy to have friends like my American family, teachers, students . . . Especially I will remember and appreciate the friendship and the good times with my Cuban friends.

I would like for all of you to come and visit my country someday. I will be very happy to say: "BIENVENIDOS A PERU" (Welcome to Peru)

Striving Towards Unity, the Class of '73 Worked

As Juniors, the class of '73 found unity through cooperation, fine leadership, and friendliness.

This year, the Juniors did not have to have a fund-raising campaign due to their overwhelming proceeds from previous years.

Leadership was the key to a great third year at Harvey. Class officers were elected in the fall. They are: Mike Russo, President; Marie Zorik, Vice-President; Michele Zorik, Secretary; and Loretta Mitchell, Treasurer.

The December concert and Junior-Senior Prom were successes thanks to the efforts of the class of '73.

Sophomores Enter Their Second Year with Security

Elections were held last spring for Sophomore class officers. The following were chosen for the 1971-72 school year; Toby Davis, President; Jeff Ignat, Vice-President; Donna Crouse, Secretary; Tina Obelenus, Treasurer. These people along with the help of the new class sponsor, Mr. Mackey, moved new ideas.

In order to raise money, the Sophomore class sold Christmas candles. We also worked in the concession stand during football season.

These two projects brought our class closer together, as we worked toward putting on our Jr. and Sr, Prom. All in all, the class of 74 had a very exciting and busy year.

Be free.
Break the strings which tie you down.
We are living in a time where
Our reality is only a step away.
It is no longer just a shadow in our minds.
We must face it—.
We must condemn what is to be condemned but also
We must push for what we believe.
We are the dreamers,
And we must make our dreams real,
For we are living in what is rightfully
A time for us.

Yes We've Just Begun That Short but Winding Road.

President—Francis Webb

Our Freshman class gets things together and moving. So far this year we have been hostesses at homecoming which entailed coat-check, giving flowers to the lady chaperones, taking tickets, and handing our programs; during it all the girls had a really good time. Our first get-together, a bowling party at Marvel, proved to be a happy experience for everyone. Mrs. Marple our class sponsor helped us organize it and make it successful. Working in the refreshment stand and selling programs at some of the fall football games brought in some money for later use. A totem pole was constructed by some of the guys in woodshop. A true mark of integrity. Our terrific football team with a record of five wins, two losses tied the J.V. team 8-8. Basketball proved a great success with a record of twelve wins, six losses and taking second in the Berkshire Tournament, where we finished with a disappointing score of 49 points to their 50. Also our Freshman grapplers represented our class with pride. We sponsored a magazine drive in hopes of bringing in some more money for the treasury and the future prom which we will give. We, the freshman class have come a long way accomplishing a lot; still farther we must go, we will stick together until the day we all walk down that aisle in tassled caps.

Board of Education Stabilizes Our City Schools

The Board of Education has a very important role in the decision making at Harvey. It provides the foundation for not only Harvey, but all the Painesville City Schools. This year, with the backing of the Board of Education, the school levy was renewed. The money from this levy will be used, as in the past, to provide the schools with new books and equipment.

Dr. Irvin serves as the President of the Board of Education. Other people on the Board include Mrs. Ivary, Mr. Perrin, Mr. Hisey, and Mr. Redmond. Mrs. DeMarco is the clerk-treasurer and Mrs. Katila helps by assisting in money matters for our schools. Mr. Hobart, with his assistant, Mr. Rainsburger, head the administration. The Administration and the Board of Education help Harvey to provide students with a better education.

Board meets to discuss ways to use money from renewed levy.

Guidance Counselors and Members of the Office

The people that make-up our office staff deserve much credit and appreciation for all their hard work. The secretaries do all the typing of our notices and business for the school. They also keep track of fees and obligations of the students.

The counselors are there during the school day to give aid and guidance. They strive to give each and every student the help he needs in planning for jobs and college careers.

All of these people are under Mr. Britt, our principal, who works to keep order and discipline. He, along with Mr. Luteran keeps our school running smoothly.

They are all to be commended for a fine job.

English Courses Forge Well Developed Minds

English is our language. It has come down through the years, as the language of the British, and then as the language of the Americans.

Our many English teachers are helping to carry on this language. These teachers are teaching us through their past writing and grammar experiences. The various writings that we may turn into our English teachers help us in more ways than one. Reading books and writing stories improve our grammar, vocabulary, and general understanding of sentence and paragraph composition.

This Year Many New History Courses Promote a Much

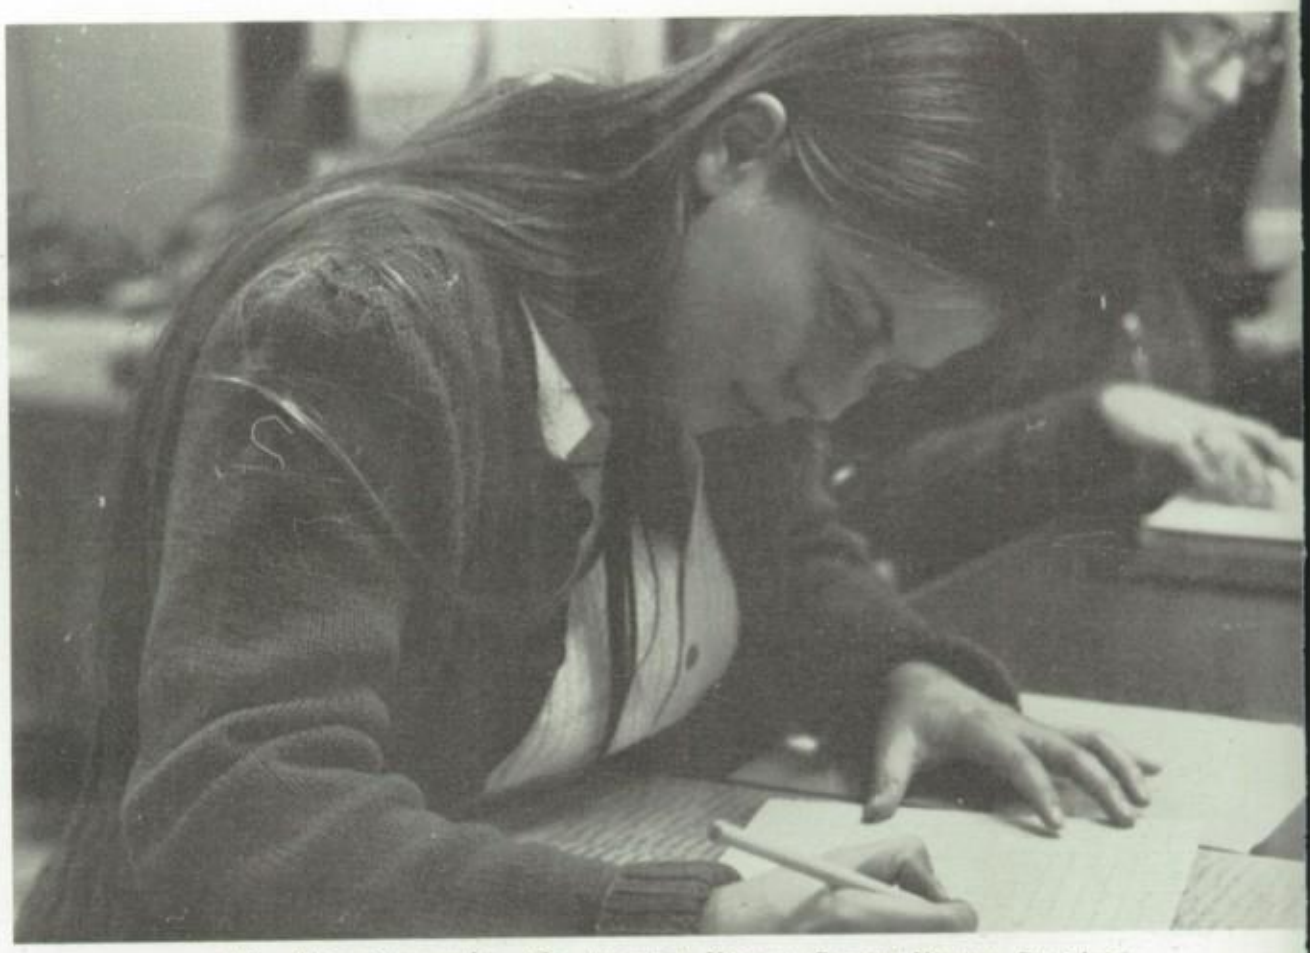
History is the key to the past. It tells us of man's relationship to man and his relationship to animal.

This year we have been offered three new psychological courses, social psychology, psychology, and sociology. They are offered to the senior class. Although only one of the three courses is required, many seniors find it hard to choose between them.

Many teachers make it possible for us to have an efficient History Department.

Past history and current history are introduced and explored in greater detail.

By learning from the past we are able to discover our mistakes and handle the same situation differently as to prevent the same mistake from happening again.



Miss Klein: Geography, Afro-American History, Current History, Sociology.

Mrs. Darr: American History.

Mr. Taylor: American Govt.

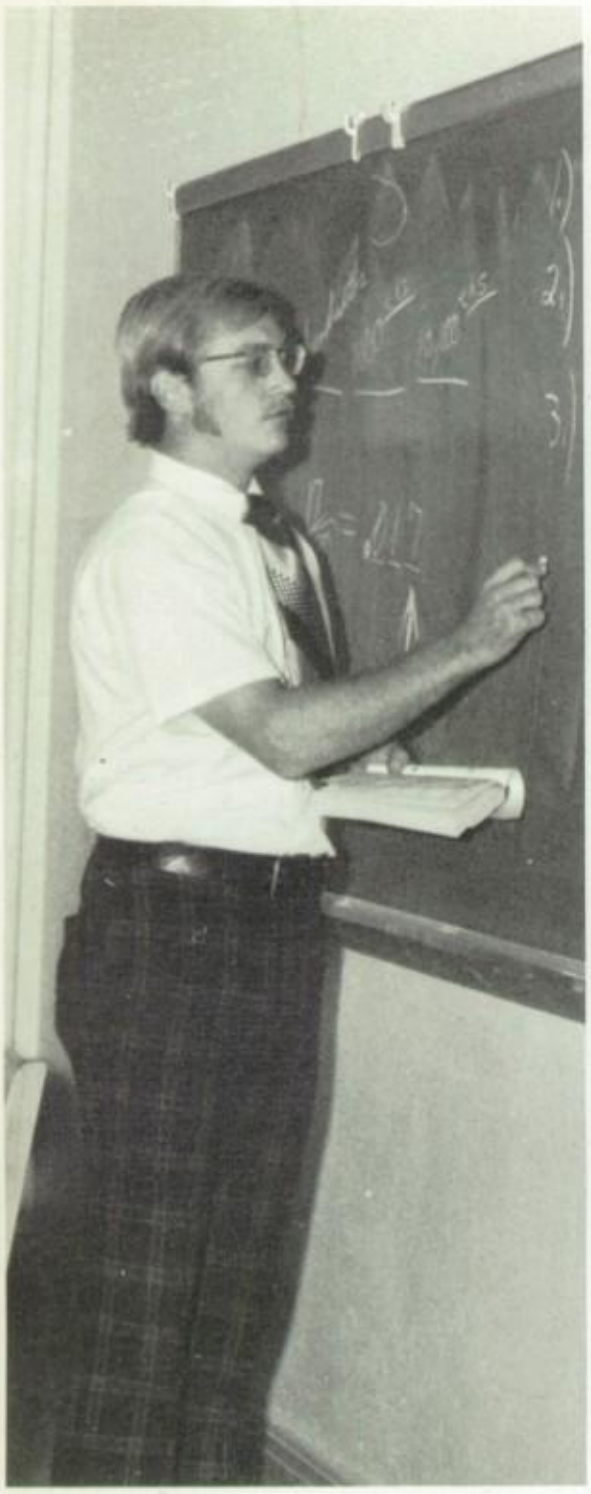
Mr. Bucar: Social Psych., Anthropology, Philosophy, Com. Living.

Mr. D'Angelo: Com. Living, Amer. History, Geography.

Mrs. Milliken: W. History, W. Civilization, M. W. History.

Mrs. White: American History, Current History.



Mr. Malonowski: General Math, Applied Math.

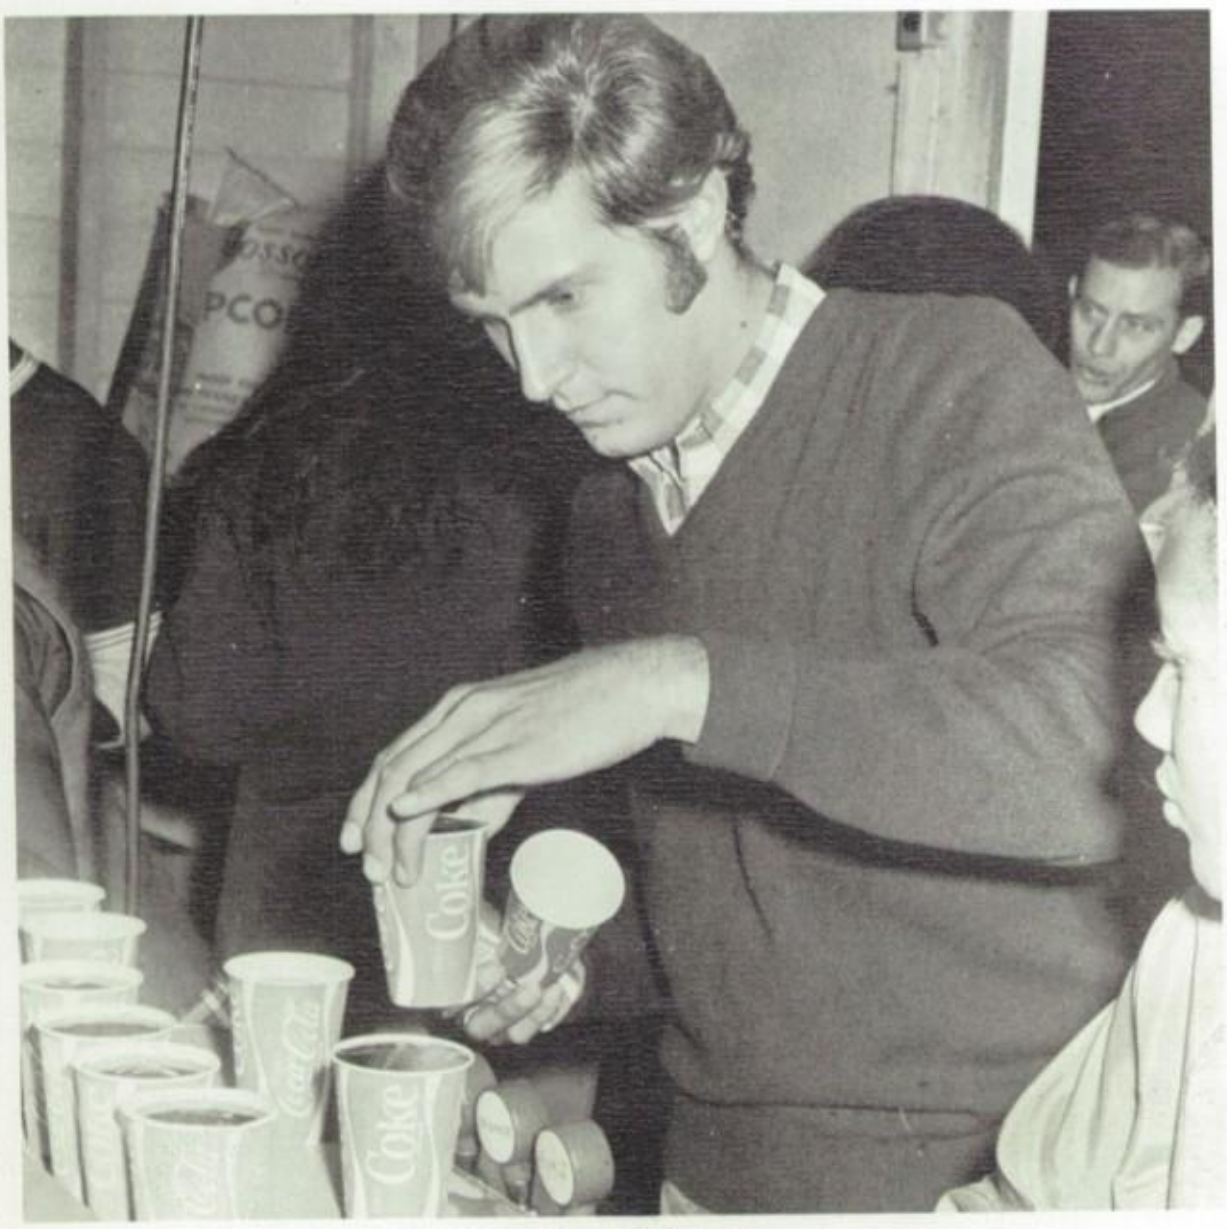
Mrs. Bimber: Geometry, Trigonometry, Math V, General Math.

Mr. Horne gives students a few pointers.

Mrs. Wilson: Algebra, General Math.

Mr. Horne: Algebra I, Applied Math, General Math.

Harvey Offers Both the Basic and Advanced Math



Mr. Dinday: General Math, Geometry.

Our math department offers us seven different math courses. They are General Math, Algebra I, Geometry, Algebra II, Trigonometry, Applied Math, and Math V.

Our three new math teachers Mr. Dinday, Mr. Malanowski, and Mr. Horne, help to widen our learning ability.

Mr. Dinday teaches General Math, and Geometry. Mr. Malanowski teaches Algebra I, and also Applied Math. Mr. Horne teaches General Math. Mrs. Wilson has been here a few years and teaches Algebra II. Mrs. Bimber is our General Math, Geometry, and Trigonometry teacher.

As you struggle through the many hardships of math remember what Mr. Richardson said, "Keep in mind that it requires no unusual ability to follow mathematical ideas, although it may have taken a genius to invent them."

Mr. Nelson: Physics, General Science.

Mr. James: General Science, Biology.

Observation, Experimentation and Hypothesis

To strive; to seek; to find; to reason why. This is science; not only an organized body of knowledge but also the things that scientists do. New Business Wing Readies Students for Future

The Business Department at Harvey seems to be getting bigger and better all the time. More and more, students are taking business courses in hopes of entering the business world after graduation.

Courses offered in the business department include Personal Typing, Typing I, and Typing II. Each year students learn more and more about the typewriter and increase their typing speed. Shorthand I and II are offered for the future secretaries. Other courses in this department include Business Survey, Business Machines, Bookkeeping, Recordkeeping, and Business English.

Students in the business department gain valuable experience serving as secretaries for the teachers. This department certainly readies students for the future.

Fine Art Courses Help Express Individuality

Fine Arts courses give our students a break from the everyday trend of life.

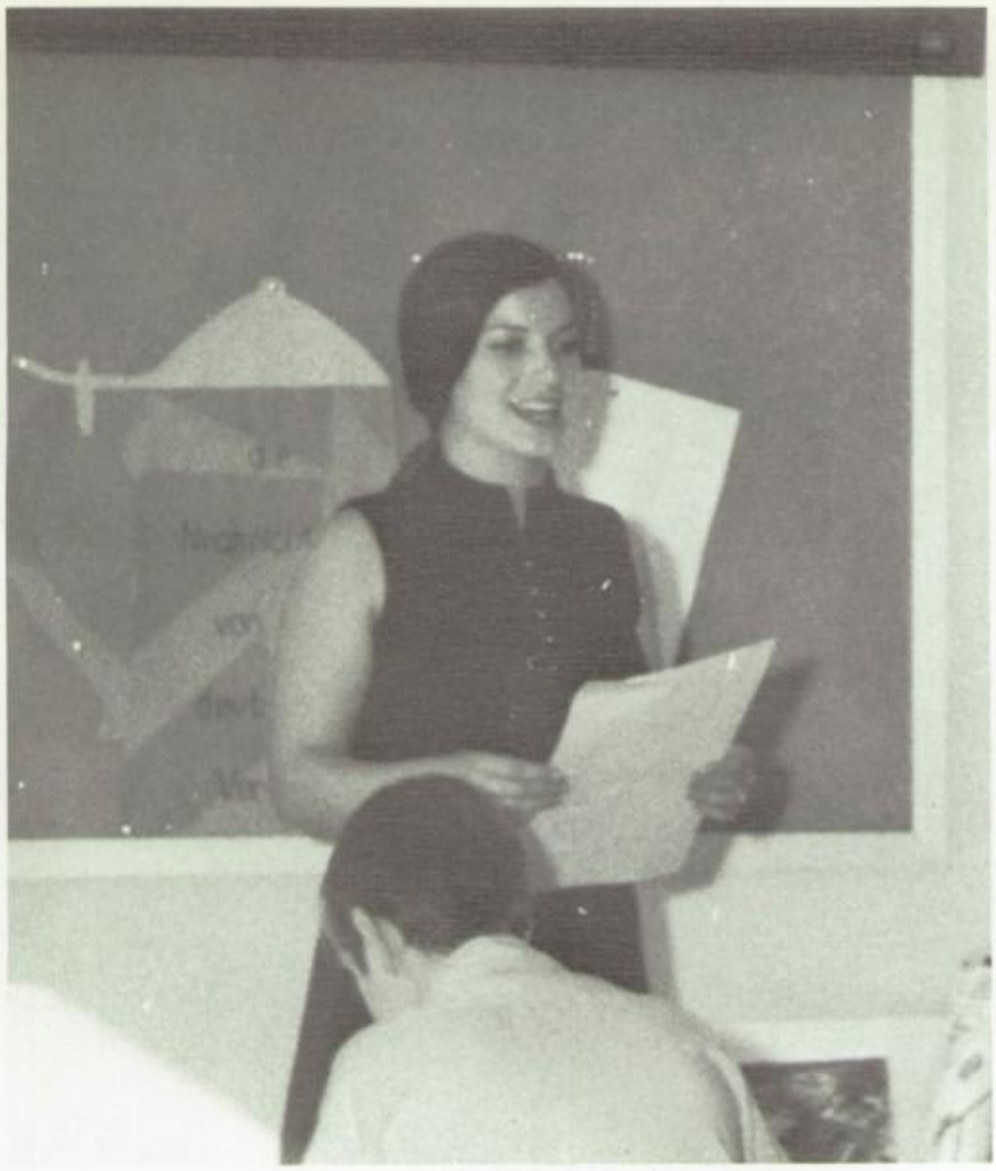
Foreign languages give us a deeper insight into the lives of people from other countries, and give us a better understanding of our own language.

Music, along with art, helps the student express his ideas through composition and drawing, and to further self-understanding.

Our fine arts teachers do a good job of providing students with the inspiration that starts them on the search to the real meaning of life.

Mr. Singerman; Basic, Intermediate, and Advanced Art.

Mr. Ramsey; Work Study. Mr. Sweitzer; DCT.



Mrs. Lavinder: German I, II, III, IV.

Mr. Vokoun: French I, II, III, IV.

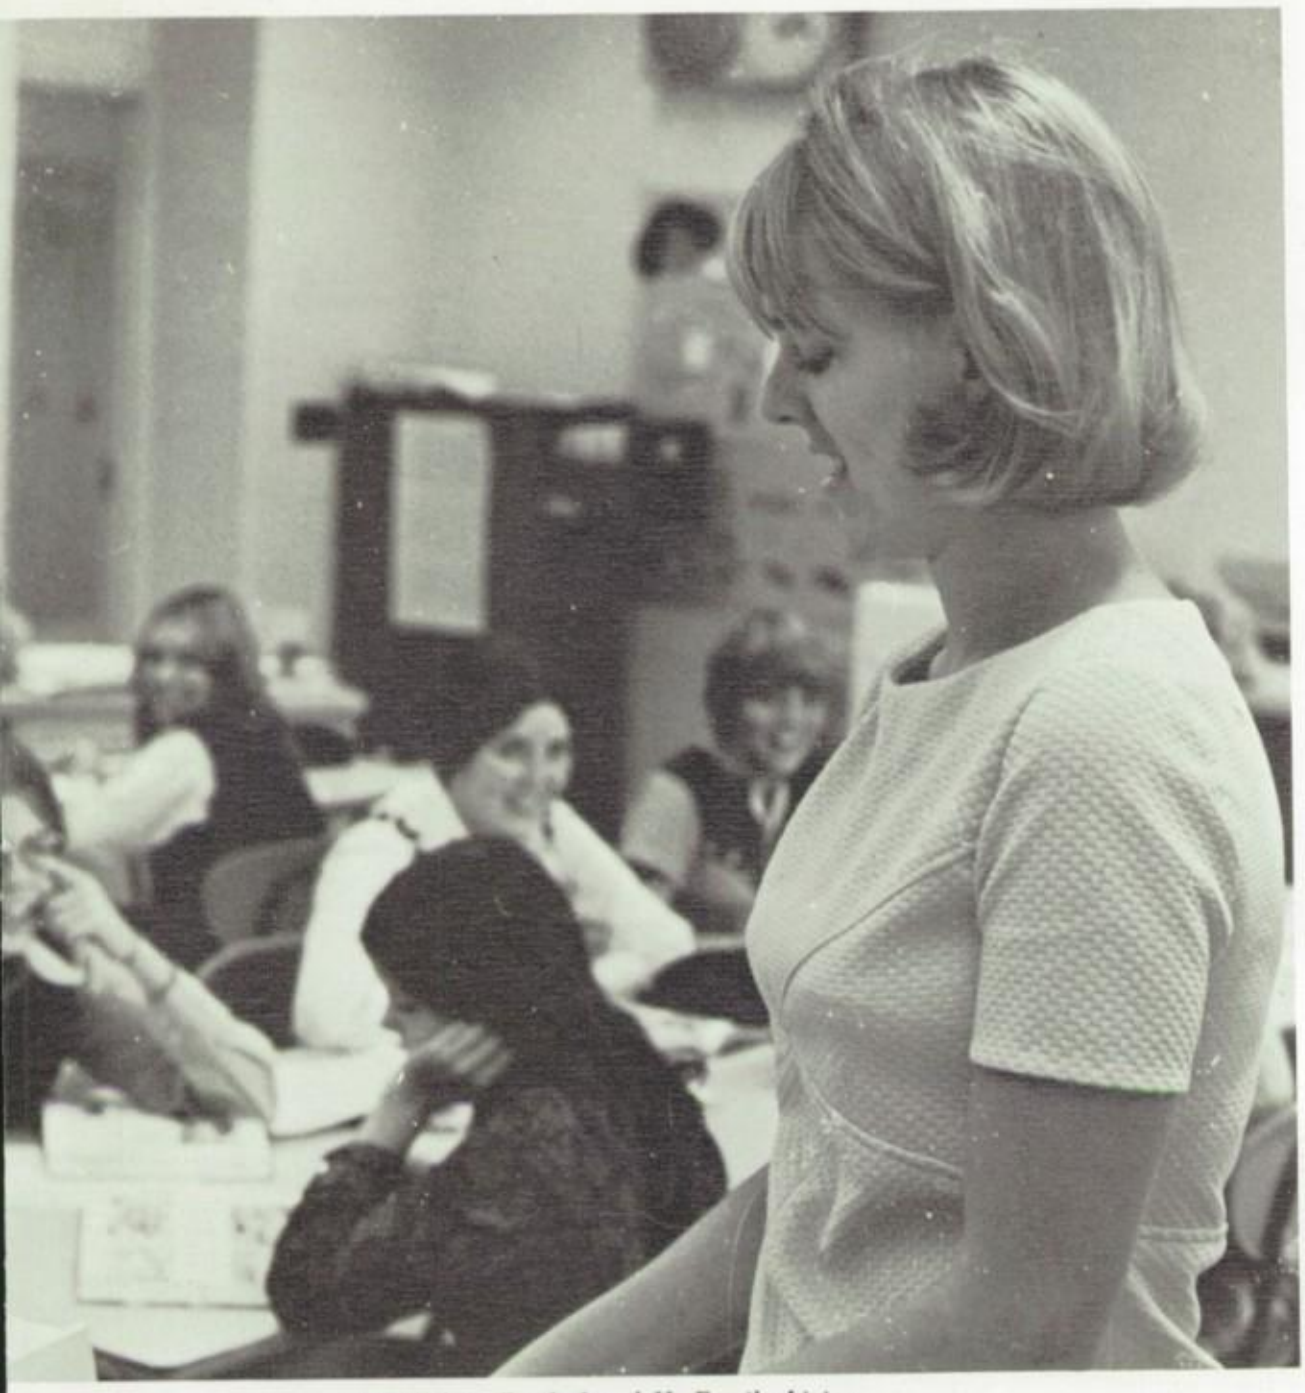
Individual Interests Are Satisfied in Applied Arts



Mrs. Fisher: Foods I and II, Family Living.

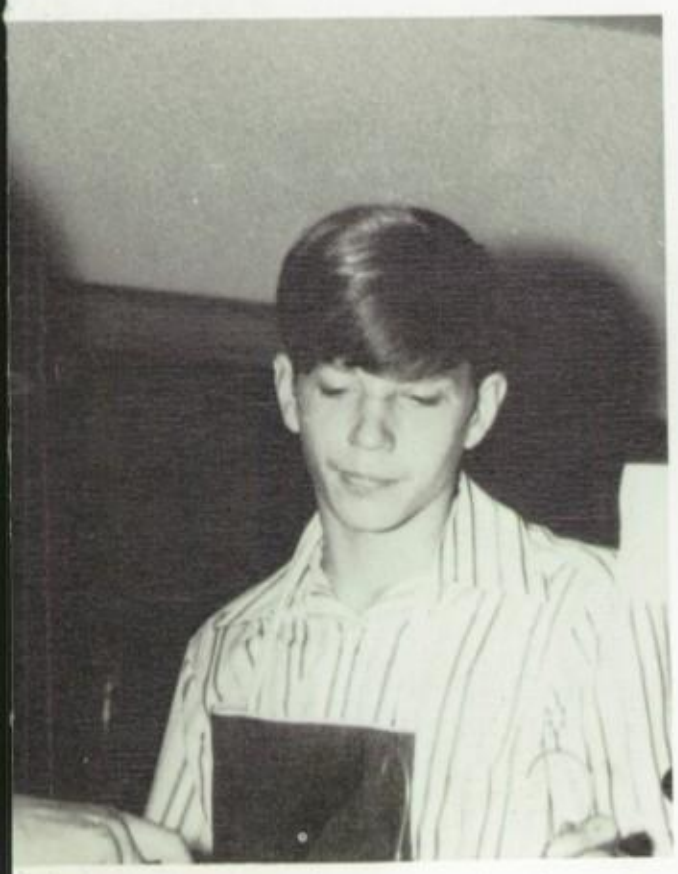
Another field of studies is that of Applied Arts. It includes such courses as Home Economics, Industrial Arts, and Auto Mechanics.

Courses offered in the Home Economics department include Clothing I, II, and III, Interior Decorating, Home Living, Foods I and II. The basic fundamentals are offered in the Home Economics course.

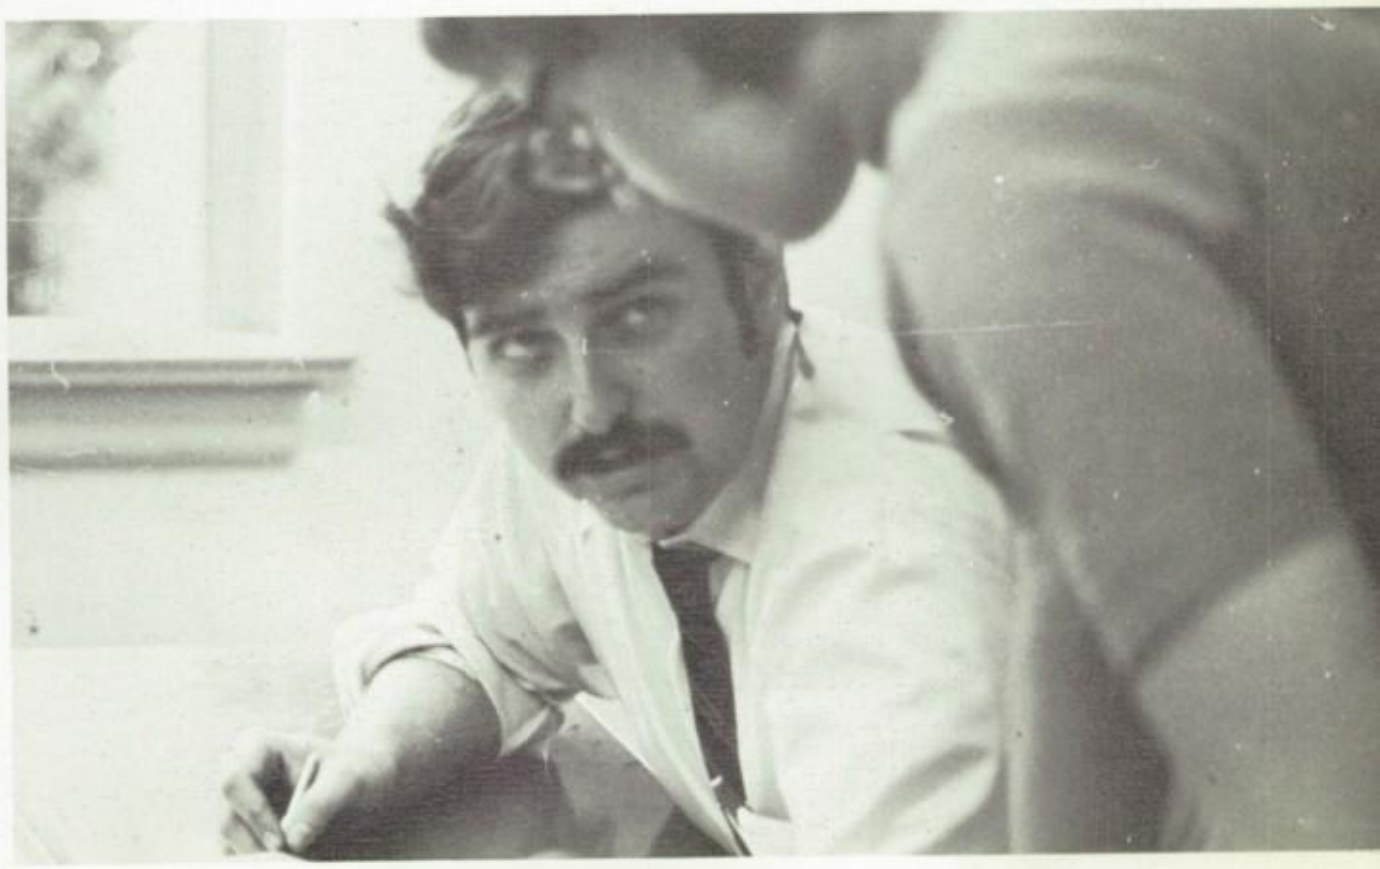
The Industrial Arts area includes Wood, Metal, and Drawing classes. A basic course of Industrial Arts is also offered.

Auto Mechanics is also included in this field. It offers knowledge and ability to students interested in the automobile.

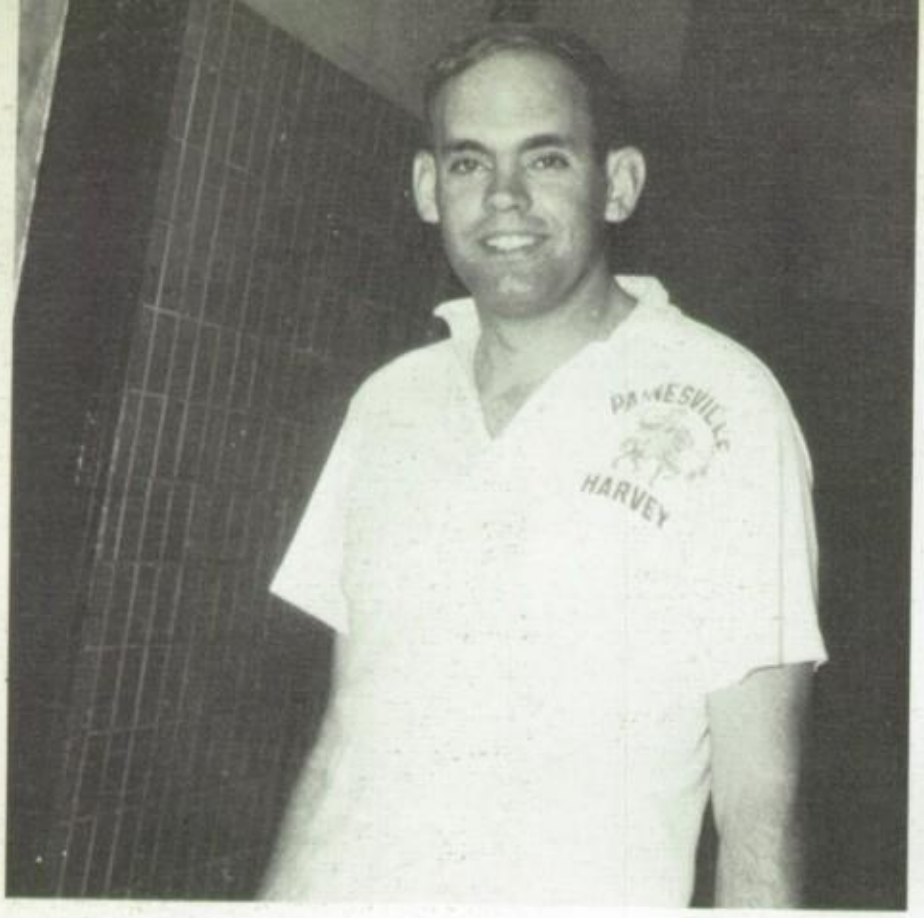
Miss Harpel: Child Care II, Foods I.



III, Metal I, Industrial Arts.



Mr. Davies: Auto Mechanics, Industrial Arts.



Mr. Huntoon: Boy's Gym, Co-Ed, Health.

Physical Education Stresses Good Health Habits

This year, sophomores as well as seniors are enjoying the benefits of Health Class. They are learning how the body functions, and how to keep it in the best possible condition.

Physical Education classes apply the principles of health to everyday school life. Together with health classes they are teaching students how to care for their physical as well as mental well-being.

Personnel Staff Keeps School in Top Condition

Harvey High is a school we are all proud of. One reason we can be proud is because of the fine job all the personnel workers do. They play a very important role at Harvey.

Among the personnel workers are the cooks, cleaning women, maintenance workers and nurse. All these people keep Harvey in top condition. The cooks furnish the fine lunches, the cleaning women keep the rooms cleaned and the maintenance men fix just about anything that goes wrong. Our nurse, Mrs. Cannon, is always there when someone needs her.

This staff of workers is to be congratulated for helping to make Harvey a school we can all be proud of.

Homecoming Couples Have an Enchanting Evening

Lights, decorations, the football game, convertibles, Flowers, a crown, smiles and tears. What are we talking about? The 1971 Homecoming. This year the homecoming court consisted of nine girls, Carol Bernal, Holly Granger, Sue Geuss, Joan Hobart, Mary Kay Kraynik, Stephanie Lipovich, Rose Onion, Patrice Pandy and Kathy Pavoll. Each girl anxiously awaited the answer to a well known question, Who will be queen? At approximately 10:00, Rose Onion was crowned 1971 Homecoming Queen by Greg Crouse while Stephanie Lipovich, maid of Honor, was congratulated by Len Walker. Both girls received a bouquet of roses.

The gym was decorated with mushrooms, trees, and even water falls which carried out the theme "Enchanted Forest!"

Eleven freshman girls, annually chosen as homecoming hostesses, helped by checking coats, serving refreshments, and handing out programs.

Participation Lays the Main Basis for Democracy

At Harvey, we have institutions that prepare us for the real world. One of them is the election of student body officers. This year we chose Ron Vargo, President; Greg Forté, Vice President; Stephanie Lipovich, Secretary; and Rose Onion, Treasurer. These students will represent Harvey in various activities.

Other governing bodies are Student Court and Student Council. Council suggests new rules and improvements; Court listens to students who may have received demerits unjustly.

Sports Organizations Direct Our H.H.S. Athletes

Varsity sports like football and basketball do not suddenly organize themselves. It takes a good governing force to get things going. Harvey's method of organizing is through Athletic Board. Athletic Board is composed of all the coaches, school board members, and an elected member from each class. This group controls monetary relations and like matters.

Varsity H is an organization of all the young men who have lettered in sports. They have various fund raising projects during the year which aid sports in general at Harvey.

Girls are as fond of sports as boys are. Participation in Pep Club and G.A.A. (Girl's Athletic Association) prove this to be a fact.

Pep Club is made up of all the cheerleaders and others who are interested in adding school spirit at athletic contests.

G.A.A. is for girls who are interested in participating in team sports themselves. They have meetings twice a week where they are active in various activities.

Without music, the world would be an unhappy place. At Harvey, the choir department has made sure this is not the case. We have five choral groups that provide us with entertainment.

Prep Choir is composed of freshmen and sophomores who like to sing and are interested in being in Senior Choir. Girl's Glee Club and Senior Choir are the groups containing the students who have shown the most proficiency in singing. In order to be in Harveyettes, one must audition first. These girls sing more difficult songs than the other groups. They appear at many public functions, such as singing Christmas carols in the stores and nursing homes. The girls also perform at several assemblies during the year. Their masculine counterpart is the Harvey Men.

All the choral groups meet once a day to practice. The students receive a half-credit for this. Participation in all performances is a requirement for membership, especially on holidays.

Working Together, Clubs Produce '71 Fall Dance

There is a group of students who give a lot of service to the school. The girls' organization, Scarlet Torch, is comprised of qualified senior girls. Qualifications are determined by a girl's previous service and participation in extracurricular activities. Under the sponsorship of Miss Klein, they plan the Senior-Get-Together, Homecoming, and other functions.

The organization of young men who devote energies towards similar directions is Key Club. This club is affiliated with Kiwanis, a nationwide men's organization. They are active in community affairs such as White Elephant Sales, and distributing literature for elections. Mr. King gave them guidance through all their endeavors. Both clubs spent much time making decorations for Homecoming.

Jerry and Holly put final touches on the decorations.

Miss Klein surveys the situation.

Scarlet Torch members made paper flowers to decorate for Homecoming.

Ron and Len helped to move things from the old part of the building to the new.

Students Persue Various Interests Through Clubs

Our librarians, Miss Brooks and Mrs. Haffey, who have the difficult task of running the library smoothly, are aided by members of the Library Board. On a voluntary basis, these students take attendance, check library books, and return reading material to the shelves. In addition, they also send out over-due reminders to deserving students.

Three relatively new clubs at Harvey are Math Club, Science Club, and F.T.A. Math and Science clubs are for those students especially interested in those fields of study. Science Club this year is engaged in a special study of astronomy. They made a field trip to a nearby observatory to learn more about the subject. Mrs. Bimber has made a real effort to form a well-organized club. This group studies different facts of mathematics, such as famous mathematicians and problems.

F.T.A. is for the future teachers of America.

Students Take an Interest in Our Nation

If you are one of those students who are interested in the current world problems of today there is just the club for you. World Affairs Club gives those students interested in world problems a chance to speak their opinion of such matters and perhaps give them a better insight as to why the world situation is the way it is. Mrs. Darr, the club's sponsor, leads the club into some very interesting projects throughout the year. Club meetings take place monthly.

Another interesting club at Harvey is the Negro Relations Club. This club is composed of both black and white students who's goal is to bring about a feeling of brotherhood between the black and white at school.

This organization also gives many blacks at Harvey a chance to participate in a club which has eliminated social pressures. Now in its fourth year, the club has proved to be very successful.

Business Students Work Together at Meetings

Students interested in business futures take the required courses joined together in Business Forum, with Mrs. Brumley as their sponsor. Mrs. Brumley is the shorthand and typing teacher here at Harvey.

Every year at a Christmas party new members are initiated into the club. After the initiation, there is a gift exchange between all of the new and old members and refreshments are served.

The members go on many field trips to various business schools to help decide what college each student would like to go.

Speakers come in and tell about different jobs interesting in the business world.

Clubs Help the School by Giving Their Services

There are various organizations within the school that devote their time in keeping it running. One of these is Service Club.

Service Club is a group of girls who spend time doing tasks for the school and community. Membership, on the point basis, is evaluated on how much a person contributes.

These girls serve at banquets, grade papers, and put up bulletin boards.

Safety Patrol is an integral part of the school's management. This is a body of young men who direct the traffic in the morning, and help people to get safely across streets.

Photo Bureau takes most of the pictures for Anvil and Harbinger.

These are the workers who produce what you are reading right now. Frustrations and disappointments are all a part of working on Anvil. An Anvil member must be versatile and constantly have fresh ideas in mind. No one has put forth more effort than our editor, Sherri Bigelow, in trying to organize and increase efficiency. She was there constantly, to make sure the best possible job was done by each person.

Mr. Singerman, our sponsor, was a great help in arranging trips, photographers, and other technicalities which the students were unable to do. He assisted in taking and developing his own photographs when professionals were not available.

Along with actually writing and arranging the book, staff members were expected to handle finances. They accomplished this by car washes, item sales, and selling ads.

Harbinger Records the School's Important Events

Harbinger, like Anvil, records important school events. Students on the Harbinger staff work equally hard in trying to meet deadlines, write copy, and acquire pictures.

Staff members are required to take Journalism, a course taught by Harbinger sponsor, Mr. Hiltunen. This course deals with the techniques of journalistics, and is a help to those who are thinking about continuing similar work in later years.

Harbinger is a member of the National Quill and Scroll Society. This branch of National Honor Society deals with students who work on school publications. Many members of Harbinger have fulfilled the requirements for membership, demonstrating the knowledge they learned in this course.

Thespians' Performance Worth an A-One Rating

Thespians' production of CHEAPER BY THE DOZEN was outstanding. For an amateur group, these students proved that they put out a great deal of effort.

CHEAPER BY THE DOZEN is the story of a family of twelve, and how it deals with its minor trials and tribulations. The part of a small boy caused Amy Bringardner to use her younger brother, who added comedy with his freckled face and small size.

Mr. Hartung is the new director of the Thespians. If his following years at Harvey are as successful as the first, we should look forward to some real entertainment.

Membership in Thespians is determined by points earned for working on stage-crew or acting.

Languages Allow an Insight to Other Countries

Christmas. Throughout the world this holiday is celebrated. Students at Harvey, who are studying different cultures, learn that there are special customs peculiar to each country. This occasion gives members of French, Spanish, and German clubs the chance to participate in various foreign activities, as is illustrated in the surrounding pictures.

Language clubs are perhaps the most enjoyable organizations in the school a person can belong to. They give one the opportunity to use the respective languages in conversational form as well as taking part in cultural affairs throughout the community. Excursions to plays, musical functions, and museums are available through language clubs. Private events, such as parties and tobogganing always prove to be pleasant.

Anyone who is taking a foreign language, or has previously, is eligible to join. The easy requirements and divertissements have made these clubs possibly the most successful.

Majorettes show their skill by stepping high at summer programs.

Twirlers Sparkle for Evening Band Performances

Early in the spring of every year, excited girls try out for Majorettes. Only six girls can make it, plus, to be eligible, one must have been in at least one year of Marching Band. This year, judges from both Harvey and Walnut chose: Sandra Gibson, Carolyn Wilson, Vanessa Smith, Lisa Marcel, and Vicky Dense. Along with these girls is Kaylee Leaverton. She did not have to try out again this year because Kaylee is a three year veteran.

Every night after school these girls practice along with Marching Band. They spend a lot of time working out routines, for they are the major attraction at band shows. To help them get fresh ideas, and improve on the old ones, they attend a majorette camp at Malone College each year. At this camp, the girls learned to work with such things as fire batons. They also received help from their sponsor, Miss Ritari.

Deftness and precision are important when handling fire batons.

Marching Band Provides Evening Entertainment

Every night during football season, if one happens to pass the school, he would find another group of students practicing besides the football players. These students are the members of Marching Band. They practice incessantly, learning new music and routines every week. They travel everywhere with the football team to provide entertainment for both the players and spectators.

Even in the summer, band members do not forget about their skills. Attendance at a camp in Marietta is mandatory. This camp is organized to help reacquaint the old and new members with techniques of marching.

Isaac Curry has completed his second season as drum major. Furthering his confidence, he shows himself becoming a good leader of the band.

By directing, Mr. Balogh provides the main force in organizing the band.

Harvey's Bands, Concert and Small, Entertain Us

Concert Band is a credited course open to those students who participated in Marching Band. This group, like Marching Band, is also under the direction of Mr. Balogh. Concert Band becomes organized after the end of the football season and provides fine music at events such as school assemblies. This year at the annual Christmas assembly, the band played a medley of well-known Beatle songs in addition to the traditional christmas carols. At that assembly it was evident that the long, hard practices taking place every first period were paying off. Band members of each section are seated according to their musical abilities. Any band member wishing to obtain a higher position in his section may challenge another band member of the same section.

A specialized group of band members from each section form a group called Pep Band. Pep Band involves extensive practice each Monday night. Pep Band provides entertainment at home basketball games and pep assemblies.

Clubs Were Formed to Recognize Honor Students

Phi Delta Mu is an honorary society which provides recognition to those students who excel scholastically. To be eligible, one must be a Sophomore, Junior, or Senior, who maintained a 3.0 average or better the previous year.

Another organization at Harvey, designed to acknowledge students who have distinguished themselves among their class-mates, is National Honor Society. The members of the faculty elected fifteen percent of the top quarter of the Senior class, and ten percent of the top quarter of the Junior class. They were chosen on the basis of service, scholarship, character, and leadership. The new members were inducted at the combined National Honor and Phi Delta Mu assembly held on March 10. The guest speaker was Mr. Mike Bailey, a 1955 Harvey graduate, who gave us some of his insights on humanity.

Quill and Scroll is a branch of National Honor Society. To be considered for this club, one must: have served for two years on the school's publications, either the yearbook of the newspaper, be in the upper third of his class, and be a Junior or Senior. Membership in this club often gives students a chance to work on college publications.

Students Show Their Abilities in Leaders' Forum

Leaders' Forum's title denotes the nature of this organization. It is a club comprised of interested students from all grade levels—Freshman, Sophomore, Junior, and Senior. At the helm there are the Student Body Officers.

The members participate in many activities, especially around the Christmas season. Their responsibility is to decorate the building for the holidays, but before this is possible, funds must be accumulated. This year the club sold attractive cloth calendars. Our pre-vacation entertainment, which they gave us, was highlighted by Santa Claus and his elfish helpers. Many students were surprised with the gifts they received. Senior Tea is accredited to the Junior girl members of Leaders' Forum. This event is a reunion between Seniors and alumnae. The American Heritage assembly is also produced by this organization.

This year the Red Raider football team upped its record of 1-9 last year to 3-6-1 for this season. Under the coaching of new head coach Rollie Mushrush and his very capable staff the Raiders had a strong offensive backfield.

Halfbacks Greg Forté and Quincy Landingham each made the Plain Dealer Dream Team during the season for outstanding performances.

Quincy made the Dream Team in the game against West Geauga when Harvey rolled over the Wolverines 42-0. Who can forget the game against Gilmour when Greg Forté ran for three touchdowns and lost his shoe on one run. There was also the Harvey comeback against Conneaut when we won 24-12. Probably the most important game was against Madison when we tied them 12-12 in the mud and rain. We could feel proud of our team when they went on the field, to prove, "We don't mess around."

Our Harvey Runners Would Rather Walk a Mile

The Cross Country team this year was led by junior, Randy Pike, Pike had a very good season, finishing first almost every time he competed in the two mile event. Randy represented Harvey at the State Cross Country Meet held in Columbus.

Returning lettermen this year were seniors Steve Barrish, David Fairbanks, Carl Mullen, and Tex Reiter. Junior Sam Simon and sophomores Bob Lieber and Pat Murphy also returned. New head coach this year was Mr. Richmond who came from Walnut, where he teaches.

One addition to the team was freshman Les Nelson.

One of our biggest wins of the year was in the Lake Shore Meet. We beat Riverside, Madison, and Wickliffe.

Determined Grapplers Gain Experience From New Coach

Under the supervision of the new head coach, Mr. Malanowski, the Varsity wrestlers strove for a good season, but were beset by many forfeits and too few pins.

Although we did have a season of discouraging losses, the team was fortunate enough to have the returning seniors Joe Webster and John Evangelista and Juniors Dave Evangelista, Willie Barrnett, and Randy Pike.

These experienced lettermen, together with the rest of the squad, helped to open the season with a victory over Ashtabula Harbor.

The team still pushed on in spite of the 5 consecutive defeats, to place in the Kenston Invitational tournaments.

Over all the season was one of disappointment but of valuable experience for the upcoming Raider squad.

The Harvey Mermen turned out perhaps their best effort this winter since swimming was added to the roster of sports at Harvey. Led by Junior and Senior superstars Greg Bezzeg and Marc Werbeach the Raiders had an even record 8-8. Although this doesn't appear extremely impressive, Harvey surprised many people with a third place finish in the District meet at Euclid, and 11th place overall finish at the State Championships in Columbus.

Greg and Marc were the leading point scorers in many of the meets. Greg was Harvey's first District Champion in swimming when he won the 100 yd. breaststroke event in a time of 1:03.4, and also added a fourth place finish in the 200 yd. Individual Medley. Marc took two seconds in the 200 yd. free style and 100 yd. butterfly. Both Greg and Marc were named to the All-District team. In the State finals Greg took a third in the breaststroke and Marc a 4th in the 200 yd free style. This summer will see Marc and Greg at the Olympic trials in Chicago. Although Greg and Marc provided the momentum for the team, they were backed by a good number of lettermen who provided the needed depth to win many of the meets.

In the free style department, Don Pietila gave many good performances expecially in the 200 and 400 yd. events. Phil Perry and George Marko would swim breaststroke one week and the next week butterfly or free style. This Versatile duo frequently swam the same events and usually produced a 1-2 finish. Larry Ferron greatly improved his butterfly and always managed to place for points. Larry brought his time down by more than ten seconds from the start of the season and always gave a good effort at meets. Tim Bringardner was a mixed freestyle swimmer alternating between short and long distance events.

The team was also supported by a good crew of sophomores in Jeff Esch, Rick Honk, and Toby Davis.

Terry Torok led the divers to many first place finishes and got good support from Toby Davis, Leon Norwood and Ron Bates.

The only freshman this year was Rick Martin who surprised many a competitor when he stepped on the blocks.

Coach Zupancic is looking forward to another successful season next year and possibly a few more swimmers qualifying for the State finals.

Our Stars of Tomorrow Shine Toward Their Destiny—State

Sports play a major role in the happenings at Harvey High School. Enthusiasm always runs high at the beginning of the season the impressive team battles its first foe. This is especially true during the basketball season. This entire season is filled with the enlightening cries of spirited fans cheering their team on. It's also filled with excitement, triumph, and sorrow.

The 1972 Raider basketball season was one of such enthusiasm. The team completed a very successful season this year under Coach John D'Angelo. The ideals of sportsmanship, participation, and competition were promoted by the athletes of the team. They continually amazed crowds through displays of teamwork and determination.

With the combination of this hustle and natural raider talent the team easily won the L.S.L. title three consecutive seasons. Although the raiders did meet with a few upsets which seemed only to provide them with the impetus to push on. One such upset was at Wickliffe, when the raiders met with their first defeat in an overtime situation.

Though we were destined to lose a second time, the Raider team made a surprising come back against Padua the following week.

From then on the Raiders continued to stun fans with their overpowering talents to complete the season victoriously.

This year the Raider team was bestowed with the talents of seniors, Ron Vargo, Art Tomblin, Don Kelly, Sam Clendion, and Greg Forte. These young men put forth undying effort in the drive for victory. Art Tomblin recorded a high of 34 points in one game to almost upset the school record. His equally skilled teammate, Ron Vargo, finished the season with the top scoring average in the league. Don Kelly and Sam Clendion and Greg Forte provided a tough defense and were among leading rebounders. This year several juniors also saw action and proved to be very promising players for the upcoming season. Next year we look forward to seeing such players as, Wendell Jackson, A. J. Halavacs, Charles Massey, Tom Perrin and Tom Haffa, among the top contenders in the league.

All in all the Raiders basketball season proved to be one of merit and reward for all the hard work and effort put forth by both team and coach and fans.

Their talents should make an interesting and able team in 1971-1972.

Our Cheerleaders Bring Home First Place Honors

Cheerleaders are one of the most important forces at every game. The varsity cheerleaders work very hard to accomplish this support, that gives our team the spirit to win. Their summer practices were very rewarding, for they brought home the top honors from the American Cheerleading Association, last summer. This camp was held at Ohio Wesleyan College and many schools from all over were represented there.

Besides their practicing, they have had car washes and many other money making projects. Much of their time is spent in making signs and planning assemblies. They organized a pep club for all the people interested in getting together and cheering. This club has never been tried before, but seems to have gotten a lot of response.

Harvey cheerleaders deserve much credit and appreciation for their efforts to unify our school spirit.

Our cheerleaders learned many new mounts at camp last summer.

Stephanie, Holly, and Joan cheer with enthusiasm during their last home football game.

Cheerleaders Strive to Promote More School Spirit

Spirit is brought out for all our teams, by the support of many dedicated girls. These girls cheered through the freezing cold, rain, and hot gyms, to lead the student body in producing a team behind a team. They have helped to capture our school spirit and interests. Through mixed emotions of excitement, victory, tenseness, and even frustration, these girls have encouraged our teams to victory. As we traveled away to many games and welcomed teams to our school, they brought out an air of competition and excitement.

They promoted spirit not only at the games but by hanging signs and participating in pep assemblies.

Cheerleaders are a hard working group of girls, who are self-supported. They earned their money from car washes and bake sales, at which they worked very hard.

Their enthusiasm and spirit are greatly appreciated.

"When I was 14 my father didn't know anything—when I was 21 I was surprised to find out how much the old man had learned in 7 years."

—Mark Twain

Mark Twain was talking about experience and learning when he made this comment. We all learn by experience, but experience alone is not enough any more. Today's technical advances and industrial requirements demand more from the individual than ever before, and the person with the college education has a much better chance of getting the truly rewarding jobs in the business world today. Statistics have shown over and over again that the college graduate earns a great deal more in his lifetime than a person with only a high school diploma. We urge you, as sincerely as we can, to continue your education in whatever field of endeavor you choose.

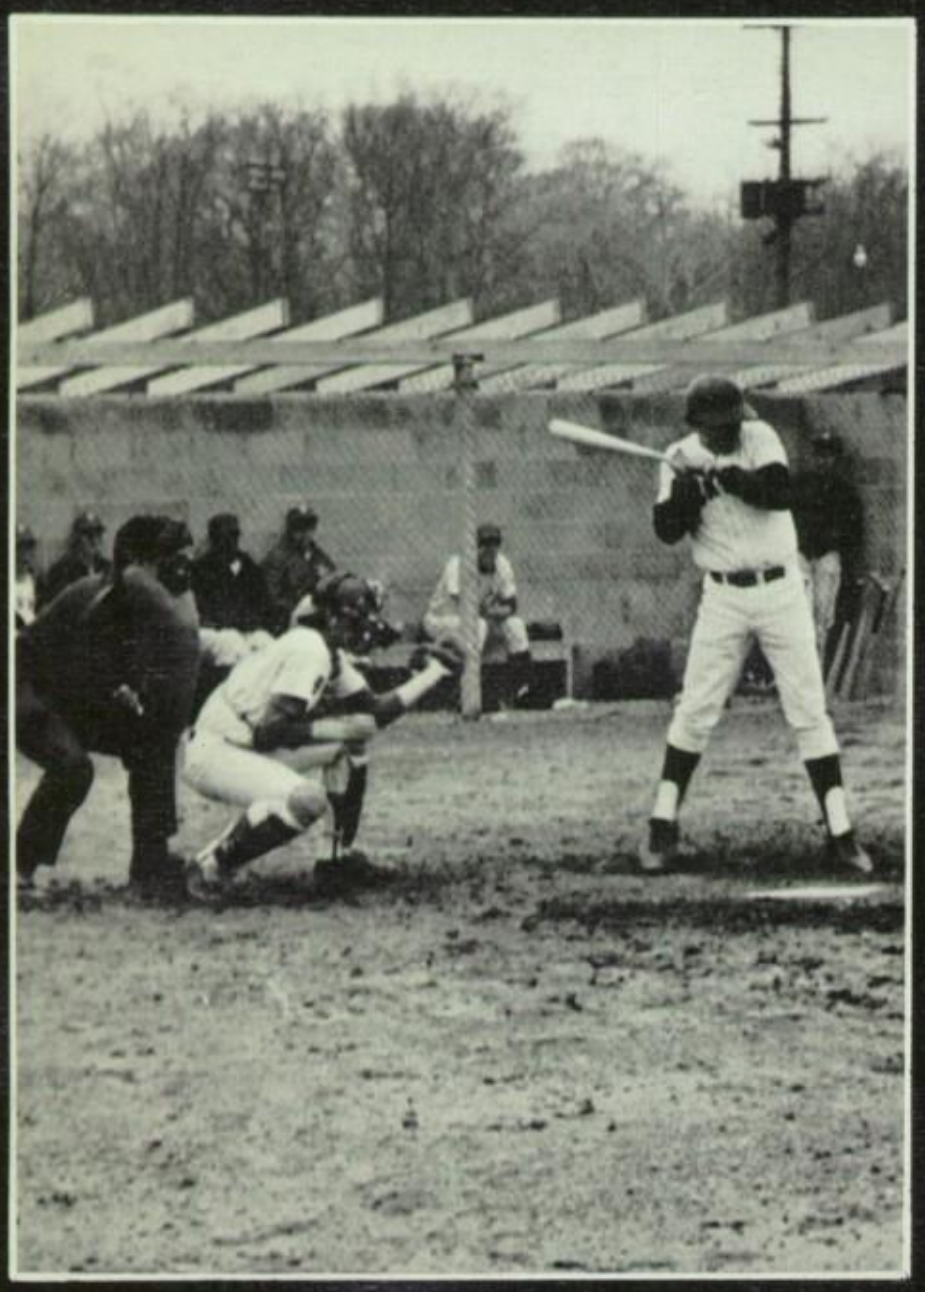
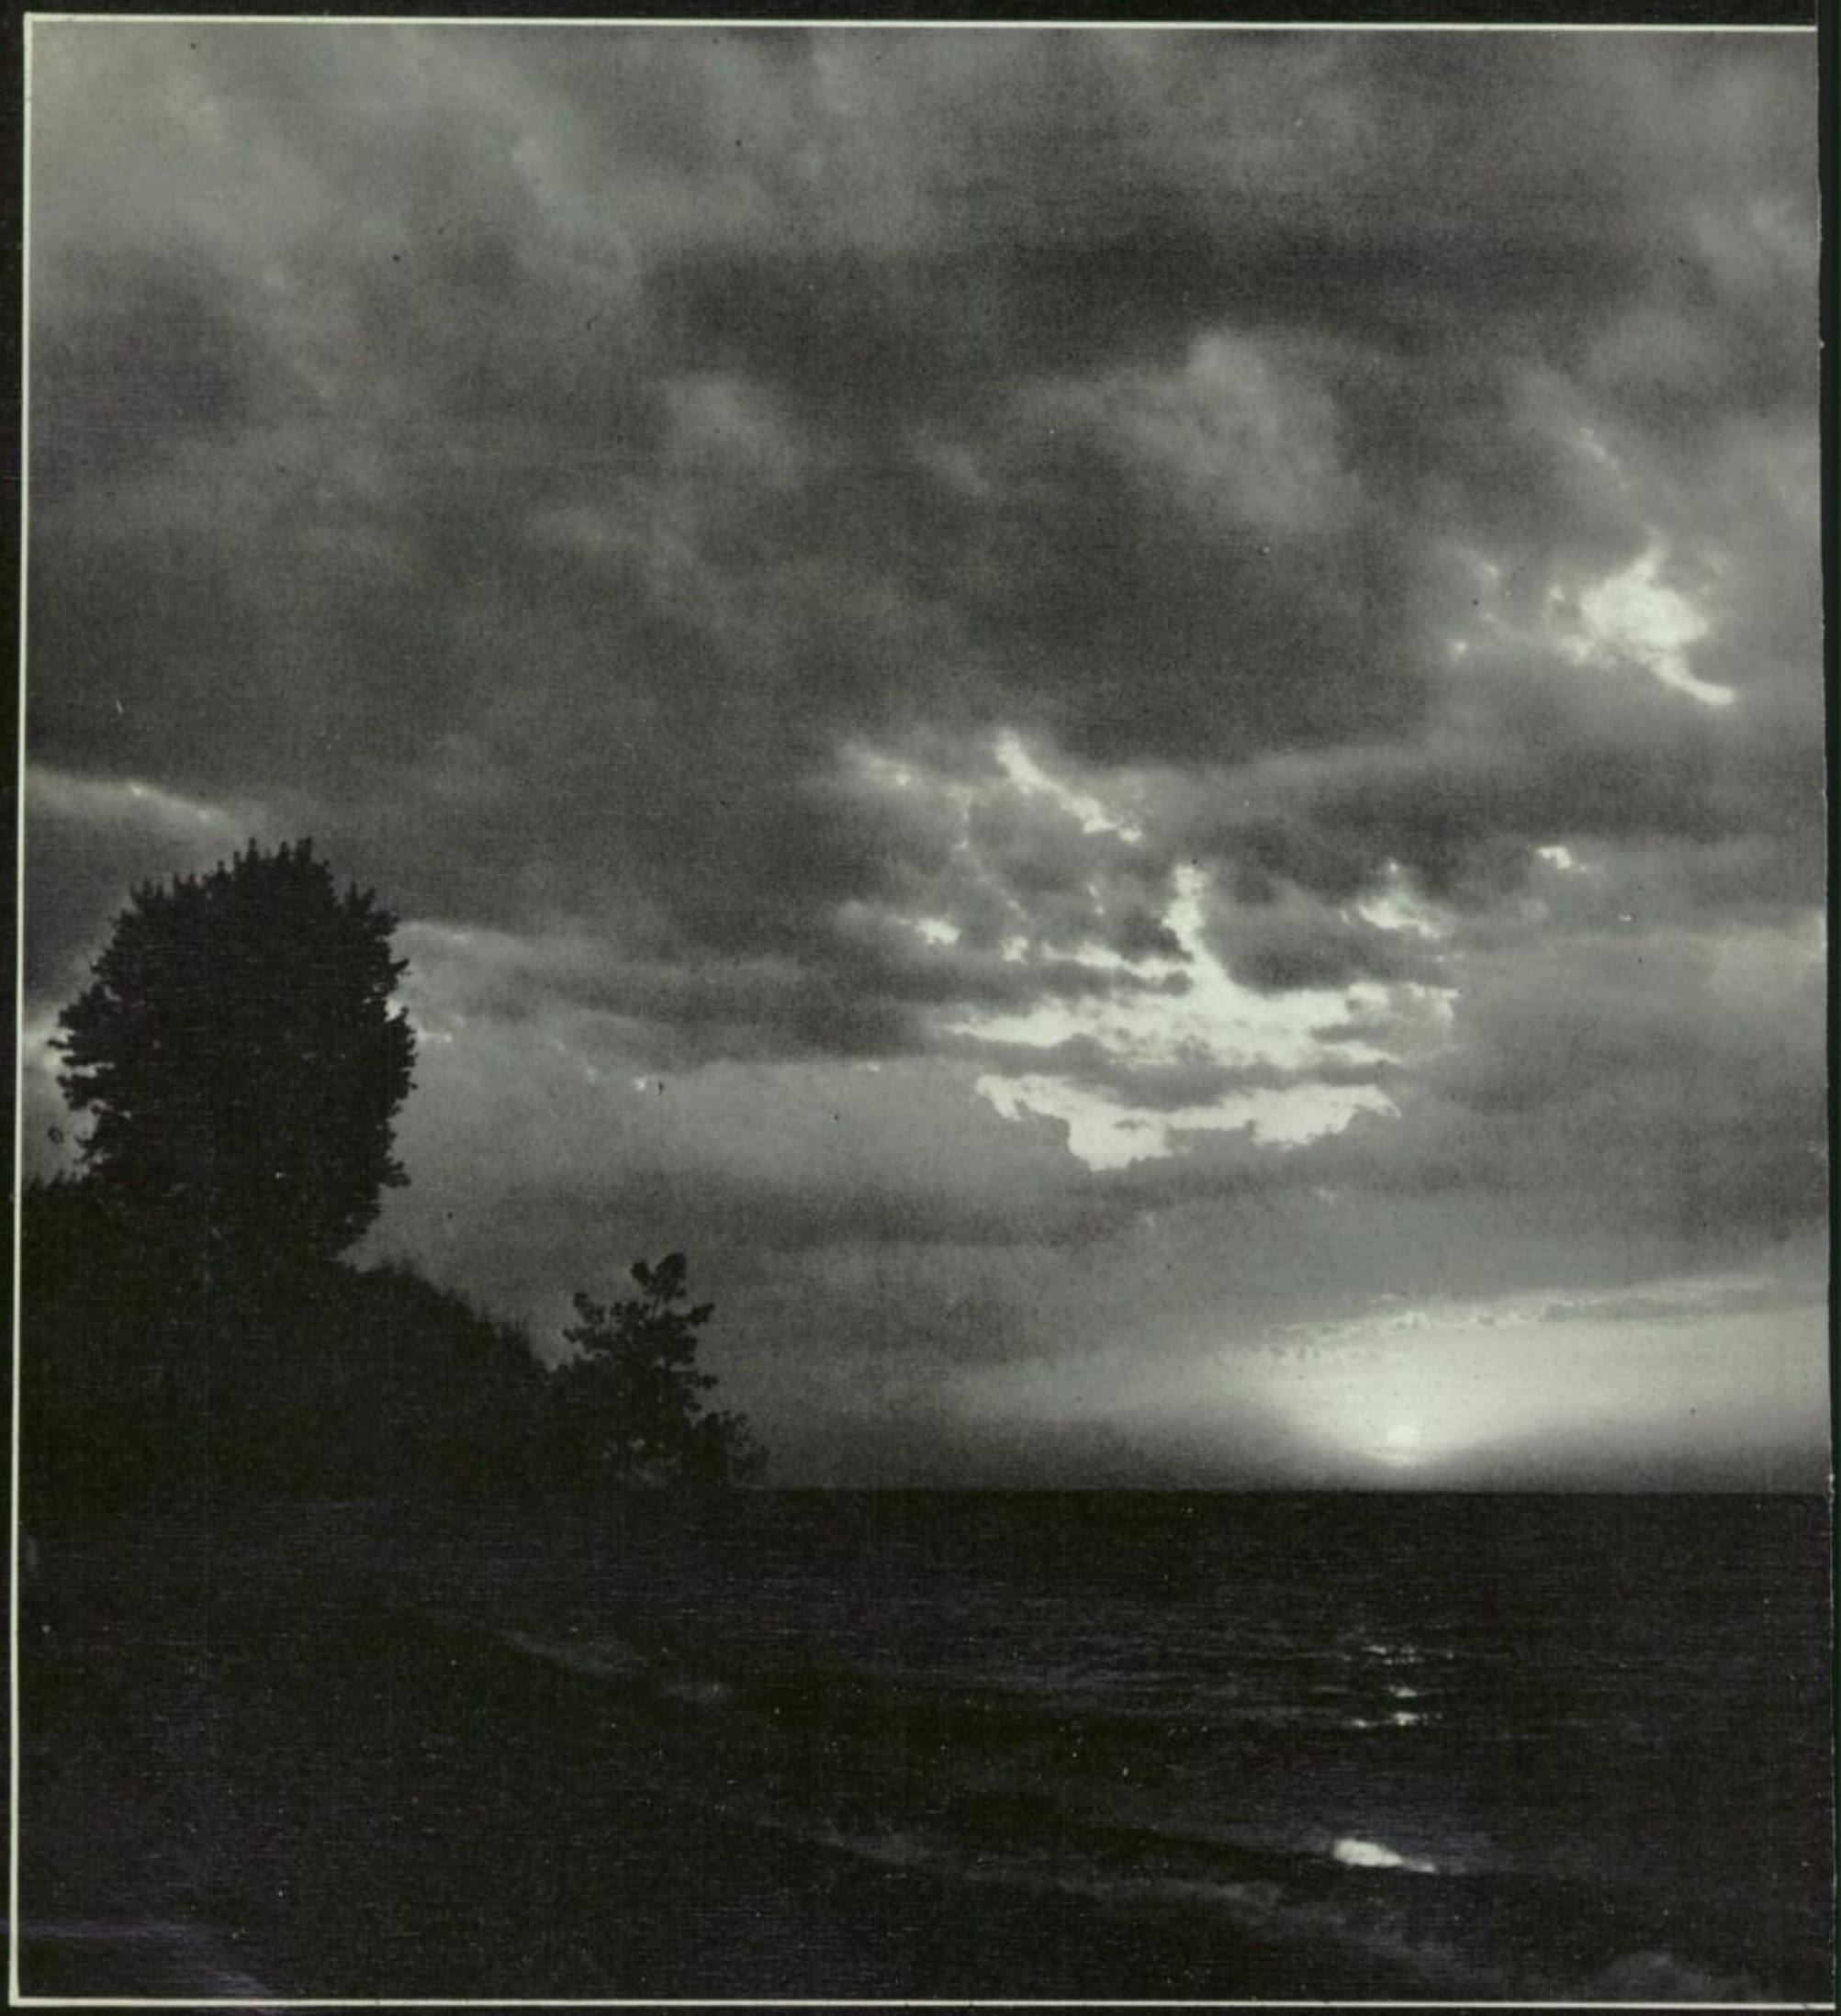
A Final Glance at a Very Good Year—1972





"A new world, a world of shining hope for you and me."
L. Kusik and E. Snyder

A Final Word and Special Thanks!

At last it is finished, the 1972 Anvil of Harvey High School. At first, I thought we would never make it, but, as time went on everything seemed to fall in place. Although we never seemed to meet a deadline, it is finally all done.

First, I would like to thank Mr. Singerman for his fine job of advising us, as well as taking many desperately needed pictures.

Our staff this year consisted of a great variety of people. You would not be reading this book now if it wasn't for all of them. They spent many long hours working on pages and trying to meet their deadlines. Everyone on the staff had a special job and without some of them, we might not have made it.

Pictures are the biggest thing needed to complete a yearbook, and you never seem to have enough. So, special thanks to Robert Barbian Studios for all of our individual pictures and many others, the Telegraph for many sports pictures and Photo Club for all they managed to take for us. I must not forget one other photographer, Miss Klein, who was always there to lend a helping hand.

Inter-Collegiate Press and our representative Mr. Bert Coburn also deserve a special thank you, for their role in the making of our yearbook and catching all of our little mistakes.

Now, I would like to thank Nancy, my assistant editor, who helped me so much this year. I would like to wish her the best of luck next year and hope that she learns as much in the coming year as I have in the past.

Last, but not least, I would like to thank you for buying a yearbook. I hope it will bring back many pleasant memories of the past year and that you will enjoy reading it as much as I have enjoyed putting it together.

To the coolest one of the craziest chicks I know. Year this year as for me well and too many to name. Remember all the "Hot Moma" days. I know you won't forget those and double dates all of them because they're more to come. Remember our little song it's too many mosquitos plus our little sister Pebbles. Remember when we had a lot of good times together yes we had a lot of good times together especially the last time. We love you always in the picture. Remember if we ever go our separate ways remember I'll always be your sis and you'll always be my bro. So if the getting gets tough hang on. don't let loose because that's where I've made a lot of my mistakes. Well if I said everything I'd be writing a book so say cool and come down off cloud nine.
